## Overview

Swivel can use a One Time Code [OTC](#) or protect the delivery using a PIN number so the OTC is instead delivered as a [Security string](#). The PIN number is a numeric value 4-10 digits in length.

## Prerequisites

Swivel 3.x

## How to Guide

For information on PIN security see [PIN Security How To Guide](#)

For information on using only a One Time Code see [PINless How To Guide](#)

## Testing
